PROFESSIONAL SUMMARY

IT Support & Systems Specialist with 1.5+ years delivering end-to-end IT support across financial and marketing-tech environments. Skilled in Windows/Linux, networking, Active Directory, and NAS management, with a flair for rapidly building custom internal tools and shipping live, SaaS-style products that drive efficiency. CCNA certified, with proven cross-functional team leadership.

WORK EXPERIENCE

IT Systems & Operations Specialist

Jan 2026 – Present

Samvestor Marketing Private Limited

- Custom Software & Rapid Development:** Designed and shipped multiple internal tools — CRM, HRMS, and analytics dashboards — via low-code / rapid-prototyping workflows, cutting development time by ~60%.
- Web & App Development:** Built and deployed company websites and internal web & mobile apps end-to-end — UI/UX, backend, and hosting — maintaining uptime across all web properties.
- System & Network Administration:** Managed on-premise/cloud servers and full LAN/WAN — switches, routers, VPNs, wireless APs — sustaining 99%+ uptime.
- Active Directory & NAS:** Administered AD accounts, OUs, GPOs, and role-based access; configured NAS for centralised storage and automated backups.
- Technical Support:** Resolved complex hardware, software, and network incidents for 30+ internal users with SLA-driven turnaround times.
- Team & Hardware Management:** Led and mentored a small IT team and owned the full hardware lifecycle — procurement, deployment, and asset tracking.

IT Support Specialist

July 2024 – December 2025

Bharat Financial Inclusion Limited

- OS Deployment:** Managed Windows/Linux installation and standardised configuration across all branch endpoints.
- User Support:** Delivered rapid troubleshooting for 50+ daily users across hardware, software, and networking issues.
- Network & Peripherals:** Configured branch switches, routers, and wireless APs; installed and repaired printers and scanners with network drivers.
- Security & Applications:** Deployed antivirus solutions and provided dedicated Microsoft Outlook setup and troubleshooting support.
- IT Asset Management:** Maintained detailed inventory records covering hardware assignments, maintenance schedules, and software licensing.

KEY PROJECTS

WorkMeter — Time-Tracking & HRMS

Custom in-house HRMS for attendance logging, automated leave, payroll reports, and productivity analytics — real-time visibility into team performance.

BROAS Dashboard — Ad Performance & P&L Manager

Aggregates multiple ad accounts into one interface with combined campaign metrics, spend tracking, and Profit & Loss reporting for instant, data-driven budget decisions.

FlowUp CRM — CRM, Task & Communication Hub

An all-in-one platform combining custom sales pipelines, cross-team task management, and a secure internal chat — replacing multiple third-party SaaS subscriptions.

IT Ticketing System — Internal Help-Desk

Streamlines the raise–assign–resolve workflow with ticket prioritisation, SLA tracking, audit logs, and resolution dashboards for accountable support.

TechOps — Password & Subscription Manager

Centralises team password vaults and tracks all SaaS subscriptions — renewal dates, costs, ownership — cutting credential risk and surprise renewals.
